THE STUDY:

Stage 1 of the Planning and Environmental Assessment (EA) Study for the GTA West Corridor, initiated by the Ontario Ministry of Transportation (MTO), supports the transportation objectives of the provincial Growth Plan for the Greater Golden Horseshoe by providing for the efficient movement of people and goods within the corridor.

Stage 1 of the EA Study includes the following key steps and associated public consultation:

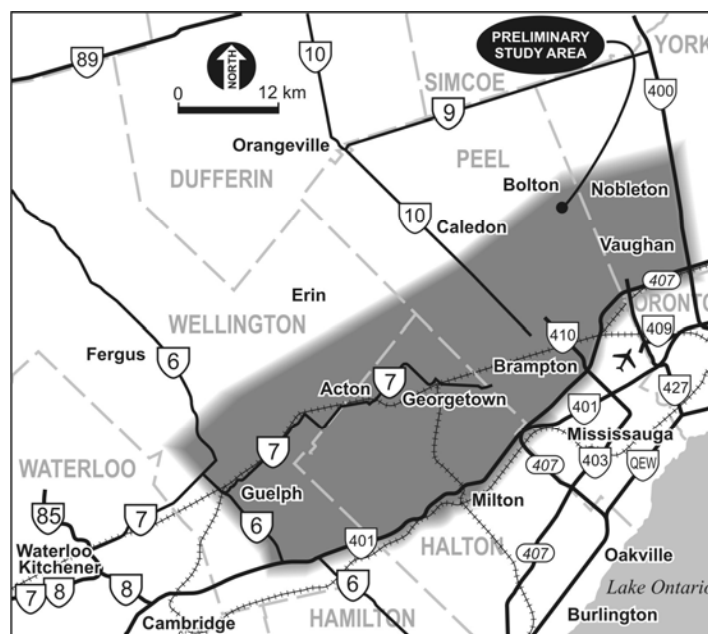

- develop an EA Terms of Reference that guides the EA Study (PIC #1);
- identify transportation problems and opportunities (PIC #2);
- identify and assess transportation alternatives that address the identified problems and opportunities (PIC #3); and
- select preferred transportation alternative(s) and recommend a multi-modal Transportation Development Strategy (PIC #4).

THE PROCESS:

The GTA West Corridor Planning and EA study is being undertaken as an Individual EA in accordance with the Ontario Environmental Assessment Act (EA Act) and the GTA West Corridor Terms of Reference (ToR), which was approved by the Ontario Minister of the Environment on March 4, 2008.

COMMENTS:

Comments and information regarding this study will be collected to assist the MTO. This material will be maintained on file for use during the project and may be included in project documentation to meet the requirements of the EA Act. Comment forms and study information are available on the project website: www.gta-west.com. Information collected will be used in accordance with the Freedom of Information and Protection of Privacy Act and the Access to Information Act. With the exception of personal information, all comments will become part of the public record.
